

## WHY CONSIGN?

### 1. Reclaim Your Space

We tend to hang on to all of those items that inevitably take over our much needed storage and living spaces. Are you tired of buying totes to store your stuff? Is your husband tired of building shelves so you can save them? Have you been putting off that garage sale for years? Become a consignor- forget the garage sale and let us do the work for you. Free yourself from the clutter and AND make money!!!

### 2. Make Money

YOU price your items and it is what it is.... no garage sale haggling. Because we only accept gently used items, you are able to earn more than you would selling your stuff at a garage sale. As a general rule of thumb, you can sell your items for 25-40% of retail price (depending on condition/brand name). Don't know where to start with pricing? We have even created a helpful Consignment Pricing Guide to give you a reference point- email [KellyKerschner33@frontiernet.net](mailto:KellyKerschner33@frontiernet.net) to request a copy. Helpful hints are provided to help you increase your sales/profits. Consignors earn up to 80% of their sales - much higher profits than the pennies paid from trading in at retail consignment stores.

### 3. Save Money

Consignors are able to shop before the public and get first pick at all the great deals. Volunteer opportunities are offered to give you the opportunity to increase your profits and shop even earlier than Consignors.

### 4. Save Time

No need to organize, advertise, set up, work and clean up your own garage sale. After the sale, Consignors have the option to donate unsold items to a local charity, eliminating the need to pick up and again decide what to do with the items that are just taking up space.

### 5. we have LOYAL CUSTOMERS

Our sales continue to attract new and returning customers who are willing to pay more than garage sale prices because they know the retail value of quality items and realize how much they are saving at our sale. They also appreciate the time they save not having to dig through piles of stained, outdated clothing, broken toys and unclean baby equipment.
